The following communication was presented, received and referred to the Committee on Laws and Ordinances:—

Jersey City, April 14, 1902.

Hon. Board of Aldermen:—

Gentlemen—I am directed by the Hudson County Society of Architects to communicate with your Honorable Board urging the strict enforcement of the building ordinances, particularly as regards the erection of frame buildings within the fire limits. The recent disastrous conflagrations in Atlantic City, Paterson and other adjacent cities should be a warning to eliminate this element of danger from our midst. By so doing not only will the lives of our citizens be better protected but the appearance of the city will have been enhanced and the value of real estate increased to the mutual advantage of owner and tenant alike.

Very respectfully,

C. F. LONG,

Secretary of the Hudson County Society of Architects.

OFFICERS' COMMUNICATIONS.

The following communication from His Honor the Mayor was presented, received and ordered filed:

Executive Department,

Jersey City, N. J., March 25, 1902.

To the Honorable Board of Aldermen of Jersey City:

Gentlemen—In accordance with an act, entitled "An act respecting cities of the first class in this State and providing for the supervision of expenses of such cities by the mayors thereof," approved March 22, 1895, I herewith advise you that I have disapproved warrant No. 41 under date of March 4, 1902, in amount of $20, in favor of Edward Kelly, Building Inspector, covering incidentals. I do not know of any reason why the said $20 or any other sum should be allowed to the Building Inspector for incidentals, unless he has rendered an itemized account covering same. If the Building Inspector is obliged to expend money in the service of the city he certainly should submit an itemized statement of such expenses, so that proper action could be taken thereon. The policy of allowing lump sums monthly for expenses to city employes is, in my mind, a bad one.

When the matter of allowing the Building Inspector the said $20 for expenses was presented to me, I sent for the Building Inspector, and he was unable to show me any statement explanatory of the claim, and he admitted that he had not expended any such sum during the month of December, 1901, but that he had presented the claim because it had been the practice of allowing him such a sum per month. I do not intend to sanction the payment of any such claim against the city, unless I am satisfied that the city has received its equivalent.

Respectfully,

M. M. FAGAN, Mayor.

The City Clerk presented proofs of publication in the Jersey City News of notice of application for three restaurant and two transfers, from March 13 to 18, 1902, and four (4) restaurant and six (6) transfers, from March 27 to April 1, 1902, and

the same were received and ordered filed.

The report of the Inspector of Buildings for March, 1902, showing the number of permits issued for the erection or extension, etc., of buildings, valued as follows, was presented, received and ordered filed:—

First Ward	7	$21,555
Second Ward	3	15,850
Third Ward	6	2,785

REPORTS OF SPECIAL COMMITTEE.

The Special Committee appointed March 11, 1902, presented the following report:—

To the Hon. Board of Aldermen of Jersey City:—

Gentlemen—The Special Committee appointed by your Honorable Body at the meeting held March 11 for the purpose of inquiring as to the truth of certain alleged interviews and statements published by the newspapers of Jersey City as having been made in connection with the enforcement by the police authorities of the provisions of the amended ordinances concerning traveling shows, etc., recently passed by your Hon. Body, respectfully report:—That your committee met at the City Hall on Thursday, the 13th inst., for the purpose of hearing the testimony of all parties summoned in connection with the subject matter before your committee. Of these Captain McKaig, Rev. Mr. Andrae and Mr. George Smith failed to appear. Mr. Scudder was the only one to appear in person in response to your committee's request.

Letters were received from Rev. Mr. Andrae and Mr. Smith in which they denied that they had been ordered to obtain permits for the holding of religious services with music at 418 Jackson avenue or elsewhere.

Captain McKaig, the most important witness, failed to make any response. Mr. Scudder denied having been interviewed by any person and the alleged interviews attributed to him he pronounced to be false and untrue.

After a careful review and consideration of the letters and testimony, your committee reached the conclusion that said alleged interviews and statements, in so far as they relate to Messrs. Scudder and Smith and the Rev. Mr. Andreae, are not borne out by the evidence.

Owing to the failure of Captain McKaig to appear, your committee are unable to pass judgment on the statements attributed to him, but the fact that no one was complained of for violation of the ordinance mentioned are of the opinion that the alleged threats made by the said captain to make arrests was a matter of bluff and bombast and made for the purpose of securing notoriety.

Your committee would therefore respectfully recommend its discharge from any further consideration of the matter.

JAMES J. McBRIDE,
SETH A. CHESTER,
JACOB J. MULLER,
Special Committee.

Dated Jersey City, March 25, 1902.

The report was received and its recommendation adopted.

OFFICERS' COMMUNICATIONS.

The following communication from the Corporation Counsel was presented, received and ordered filed:—

To the Honorable Board of Aldermen of Jersey City:—

Gentlemen—I return herewith the communication sent to your Board by the Journeymen Barber's Union No. 362 under date of March 16, 1902, which communication was referred to me by your Honorable Board.

I am of the opinion that your Board has the power to adopt such ordinance as is requested in this communication if, in your judgment, it is expedient so to do.

Respectfully submitted,

GEORGE L. RECORD,
Corporation Counsel.

Dated May 16, 1902.

The City Clerk presented a proof of publication in The Jersey City News of notice of application for ten restaurant, nineteen transfer of restauant and transfer of inn and tavern licenses from May 8 to 13, 1902, and the same was received and ordered filed.

The following communication from His Honor the Mayor was peresented, received and laid upon the table:—

Jersey City, N. J., April 30, 1902.

To the Honorable the Board of Aldermen of Jersey City:—

Gentlemen—I return herewith, without my approval, resolution of your Honorable Board, passed on April 22, 1902, authorizing the Building Inspector to issue permit for the erection of a two-story frame building, 25x100 and 30 feet high, at 159 Newark avenue, for H. Kupferberg, for the reason that I believe the time has come when the main thoroughfares of this city should not be lined with frame buildings.

It is not necessary for me to suggest the many reasons therefor, as they are patent to everybody and were unquestionably considered when the ordinance was passed prohibiting the Building Inspector from granting permits for the erection of such buildings without the passage of a resolution therefor by your Board. Newark avenue is our most prominent business thoroughfare and the property owners and merchants on the said avenue are demanding that large sums of money be spent in its improve-

ment.

I do not think that the erection of buildings of the character referred to in your resolution will tend to the permanent improvement of the avenue. Property values are certainly high enough there to warrant the erection of substantial structures.

The continued erection of such buildings will have a tendency to increase the fire rates.

There can be no inducements to the property owners to erect large and substantial buildings if permits are to be granted to next door neighbors to erect structures of this kind.

I have determined not to permit, as far as I can prevent, the granting of such permits affecting any of the active business thoroughfares of our city.

Respectfully submitted,

Jersey City, June 26, 1902.

To the Honorable Board of Aldermen, of Jersey City:—

Gentlemen—In the matter of the petition of the officers of election who served November 5, 1901, for extra compensation to be paid by the city, which has been requested by them upon the ground of an opinion rendered by Chief Justice Gummere, in a recent case, I am of opinion that the case in question does not go to the extent of holding that these officers are entitled to be paid by the city after they have been paid by the county.

In the absence of a decision of the Court upon this particular point, I should not be willing to take the responsibility o fadvising the city to pay these officers in addition to the compensation received by them from the county. I therefore respectfully advise that you deny the petition of these officers, and leave them to establish their rights, if any they have, by suit.

Yours respectfully,

GEORGE L. RECORD.

OFFICERS' COMMUNICATIONS.

The following communication from His Honor the Mayor was presented, read, received and laid upon the table:—

Sept. 22, 1902.

To the Honorable the Board of Aldermen of Jersey City:—

Gentlemen—I return herewith without my approval an ordinance passed by your Board on September 12, 1902, which purports to establish a Board of Excise Commissioners in this city, which ordinance was certified to me on September 13, 1902.

My reasons for returning this ordinance without my approval are as follows:—

I am advised by the Corporation Counsel that the ordinance in question is invalid for legal reasons; but irrespective of the legal points involved, I am of opinion that this ordinance should not go into effect. The ordinance depends for its validity upon an act of the Legislature known as Chapter 195 of the Laws of 1902. An examination of this act will show that it confers upon the Board of Excise Commissioners to be elected by the people, powers far more arbitrary and extensive than are vested in the present Excise Commission. In the first place, it authorizes the Board of Excise Commissioners to establish throughout Jersey City the policy of absolute prohibition of the liquor traffic, and the grant of power is so loosely worded that it would seem to authorize the Commission to establish prohibition in one ward, extreme high license in another ward, and moderate license in stil lanother ward of the city. In addition to this, the Excise Commission is empowered to absolutely prohibit inns, taverns, restaurants, billiard saloons and bowling alleys, irrespective of whether liquor is sold in connection with these places or not. It is certainly dangerous and unwise to vest in a body of public officials such extraordinary powers as these. Under the former powers of your Board to license and regulate the sale of intoxicating liquors, a condition of things has been created in this city where it was generally believed that the power of licensing liquor saloons was being used for the purpose of influencing persons engaged in the liquor business in the matter of their political action. A moment's reflection will make it apparent that the possession by a Board of Excise Commissioners of the power to license one saloon and prohibit another, of the power to license a bowling alley or prohibit it arbitrarily, and of the power to license or prohibit a restaurant, tavern or billiard saloont, where no liquors are sold, would be liable to lead to the greatest abuse and injustice. A restaurant or an inn or a bowling alley or a billiard saloon, where no liquors are sold, is as harmless as the selling of groceries and there is no more reason why power should be given to a body of officials to harass and prohibit the people engaged in these necessary or harmless businesses than there is why the same Commissioners should be entrusted with the power of suppressing a clothing store or a butcher shop.

I can only believe that the tremendous possibilities of injustice and corruption incident to the election of a Board of Excise Commissioners under this act have never been considered by your

Board. When it is considered that these tremendous powers are not only vested in this Board of Excise Commissioners but that the powers can be set in motion by the publication of ordinances with the approval of only two out of five members, and contrary, apparently, to the adverse action of the majority, the unpopularity and the danger of establishing such a Board will, I think, appeal to your Board, as I am certain it will to the people of this community. No such powers should be entrusted to a body of officials in any free government.

A further reason for the failure of such an ordinance lies in the fact that a new Board of Excise Commissioners has been recently constituted. This Board is non-partisan and has the confidence of the community. It is administering the excise laws in a spirit of fairness and without regard to politics. The public interest demands that the experiment of such an administration of the excise department of our government should not be interrupted.

Respectfully submitted,

MARK M. FAGAN,
Mayor.

Mayor's Office, City Hall,
October 2, 1902.

To the Honorable the Board of Aldermen of Jersey City.

Gentlemen—I return herewith to your Honorable Board without my approval, the following resolution passed by your Board at its meeting held on September 23, 1902, and certified to me for my approval on September 24, 1902, to wit:—

Resolved, That the sum of $550 be paid to Jersey City News for advertising liquor license applications, August 28, 1902, $8 to Jersey City News for advertisinig liquor license applications, Sept. 23, 1902. My reason for taking this action is that in my judgment there is no authority at law which warrants your Board designating the Jersey City News or any other paper for the advertising of liquor license applications, that power having been vested in the Board of Excise Commissioners.

My reason for taking this action is that I fail to find your Board have any authority at law to warrant such an expenditure, then again, the party to whom said claim is made out is in my estimation more than amply reimbursed by the city for the service he renders as City Marshal. If I am correctly informed it is the City Clerk's duty to make all necessary preparations for election.

Yours respectfully,

OFFICERS COMMUNICATIONS.

The City Clerk presented a report acknowledging the receipt of $10,685.57 from the County Collector on account of County's expenses of general election, 1902, and the same was received and ordered filed.

The following communication from His Honor the Mayor was presented, received and laid upon the table:—

December 4th, 1902.

To the Honorable the Board of Aldermen of Jersey City:—

Gentlemen—I return herewith to your honorable board without my approval the following resolution passed by your board at its meeting held November 25th, 1902, to wit:—

"Committee on Election. Resolved, That the sum of $334.75 be paid to Jersey City "Democrat" for printing and stationery for election, November, 1902; $218.05 to Jersey City "Democrat" for stationery for election, November, 1902, $97.75 to Jersey City "Democrat" for stationery for election, November, 1902."

My reasons for taking this action are as follows:

In the case of the first mentioned claim:—$334.75, it is from 25 to 30 per cent. higher than a similar estimate furnished by any first class printer would charge.

In the case of the second claim:—$218.05 it is about 75 per cent. higher than a similar estimate shows it should be, and in this connection beg to call your attention to the following prices covering articles as called for in this claim:—

Quantity.	Article.	J C. Democrat's Prices.	Similar Esti.
250 pkgs	blotting paper, 4x9½ (6 to a pkg)....	$9.00	$5.03
5 gross	penholders.	14.50	6.25
12 balls	heavy twine	2.40	2.40
4 gross	blue pencils	18.00	18.00
12 balls	light twine (hemp) string balls.....	2.40	2.40
8 gross	black pencils (Special) Dixon's No. 2.	48.00	36.00
4 gross	black pencils with string for booth, etc.	54.00	12.00
20 gross	falcon pens, No. 048.	20.00	12.00
125	packing needles, $3.75; 3 rolls red tape, $1.20	4.95	4.95
10 boxes	Caws ink, No. 2, 2½ gross.....	40.00	22.50
4 bxs.	sealing wax.	3.00	1.40
6 gross	rubber bands, No. 20.	1.80	1.80
		$218.05	$124.73

In the case of the third claim $97.75, it is 57 per cent higher than a similar estimate shows it should be, and in this connection would add the difference comes in on one item, viz., 250 pasteboard boxes (made to order), $48.00; regular price, $12.50.

In this connection would add it is my opinion, inasmuch as you saw fit to subdivide the printing and stationery, it would have been far better for you to have given the printing out to a printer and the stationery to a stationer, and in that way your Board would have accomplished far better results, and at the same time you would have distributed same in a proper manner.

Respectfully submitted,
MARK M. FAGAN,
Mayor.
